SEND THE BRONCS TO THE BRONX

Sophomores show off their winning float.

"Send the Broncs to the Bronx" was the theme for Homecoming this year. Great amounts of spirit and enthusiasm were demonstrated throughout the whole week, which was officially from October 20th to October 24th. The classes competed in breath-taking and bone-aching activities such as powder-puff, volleyball, tug-o-war, pyramid, egg toss and competition cheer. Seniors and Juniors ended in a tie for first, with Sophomores in second and Freshmen in third.

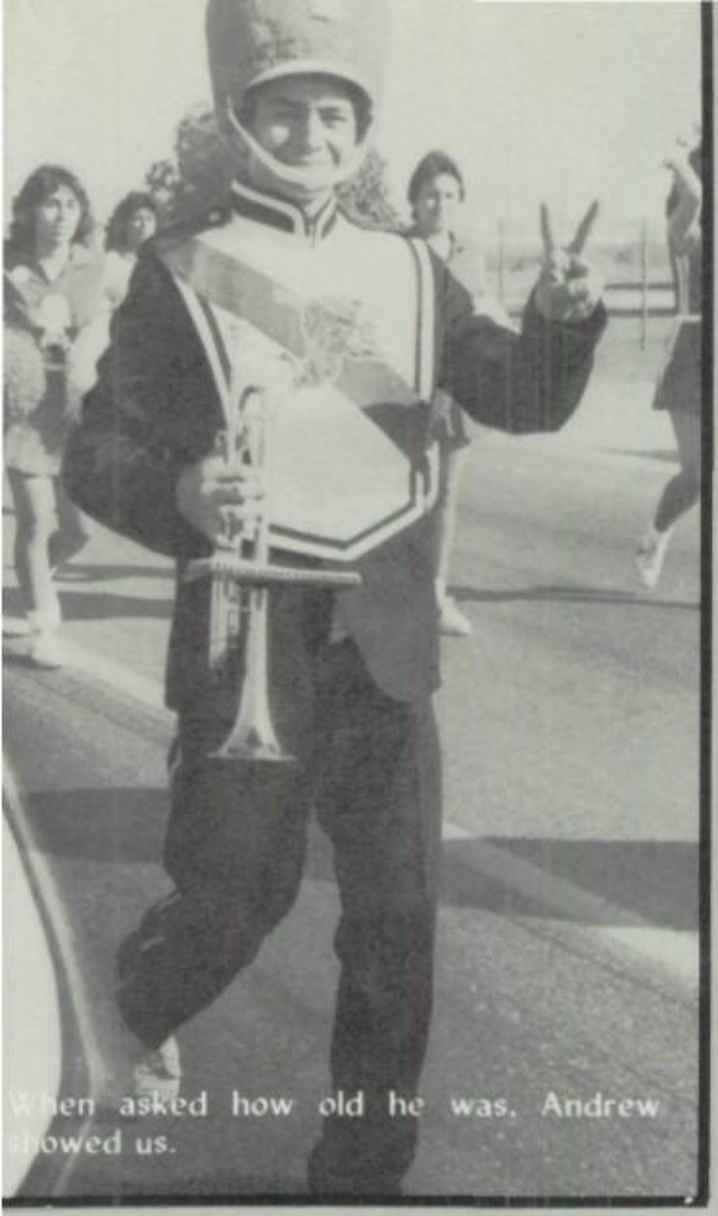
At the assembly on Thursday, there was a dress-up competition in which a male of each class dressed as a woman. In this activity Oscar Garcia won, and put the Seniors in lst place.

The high point of the Homecoming gala was the landing of the helicopter dropping off last year's King and Queen, Mark Rodriguez and Christie Chord.

During halftime the traditional crowning was made . . . Ray Duncan and Monica Baker were crowned King and Queen, Bill Reed and Caroline Valenzuela were crowned Prince and Princess and Jeff Gray and Vickey Ricketts as first attendants. Following the game was also the traditional dance which was a "ball". Overall, Homecoming was a Grand Success!

You break my back I'll break yours.

Hey everyone, there's a blue light special at K-Mart!



When asked how old he was, Andrew showed us.

ROLLING WITH THE TIMES

As the film rolled onto the screen, so did the fads and fashions. The new looks were punk glasses, knickers, letter and member's only jackets, and vans. Polo shirts were also in, along with the ruffle shirts.

The fads of the year were video games and three wheelers. The most popular games were Pac-Man, Frogger, Defender, Ms. Pac-Man, and Centipede. Also popular this year were three stuffed animals: E.T., Smurf, and Garfield.

Fads and Fashions may come and go, but Dysart will always live on.

THE SPIRIT OF CHRISTMAS

Along with Dysart's Christmas cheer came the annual Christmas activities, such as door decorating, the Snowball Dance, air-guitaring, and a host of other lunch-time festivities.

This years door decorating theme was "A Charlie Brown Christmas". Each year a door is chosen from the east, and one from the west side of the school. This year the west side was won by Mrs. Maton's class. The east side was won by Mrs. Corrigan's class. Each third hour class was responsible for decorating the doors. They were judged on Tuesday, December 14th, during third hour.

The annual sophomore-sponsored Snowball Dance was held December 10th, in the gym. The king and queen were freshman Yvette Flores and sophomore Ralph Hernandez. The prince and princess were sophomore Denise Gonzales and freshman Chris Dominguez. First attendants were seniors Lydia Garcia and Craig Sior. Second attendants were juniors Kathy Yancy and Pat Hart. The photographer was CCR, and Larry Espinoza played the tunes.

This year a new activity was added, air-guitaring. Yes, you heard right, air-guitaring! As the whole school watched, Gravity Griffith and Wayne Squires air-guitared to many tunes of rock-n-roll. Even though it was a hard decision, Gravity Griffith finally took home the title of Dysart's air-head, oops, air-guitarist!

Many people said that it didn't seem like Christmas, and that they weren't in the holiday spirit, but thanks to our student council, that attitude didn't stick around very long!

SPOTLIGHT ON THE STARS

And now, the moment you've all been waiting for, the presentation of the 1982-83 honors awards. Selecting the people on whom the spotlight would focus was a difficult task in itself. Categories in which nominations were chosen ranged anywhere from music to academics, and every star was a candidate. With the knowledge that everyone during the year accomplishes something that deserves recognition and honor whether it be bringing up their grade point average, improving their attendance record, or winning an award, we decided to bring in a select panel of judges, who with unbiased opinions would cast their votes, thus choosing the people whose pictures would appear on this review. With limited space we could not possibly give individual recognition to every one so we decided to take this time to say that each and everyone one of you helped to make this movie a success therefore we are all the winners and worthy of praise. The following stars received the honor of representing us through different categories in this review. In the category of athletics, Senior star Jeff Gray received numerous scholarships. In the music category there was a tie between Elodia Fernandez, Terry Stephenson, Debbie Marler, and Tony Hernandez all winning a position in Senior All-State band. Male vocalist of the year was John Davey. In the academic category the following people received scholarships, Vickey Ricketts, Ray Duncan, Monica Baker, and Todd Studts. In the business category Linda Mena won an award of merit for quality. In the Fine Arts department Tom Nadel placed third in the state for his speech on Youth: the strength of America. The awards for honorable mention were given to Mateo Alejandra for receiving the title of Lt. Governor over six schools in Key Club, and also to the producers and directors of the Extra-Educational slide presentation, Lorraine Ortiz, Irene Cisneros, David Rojas, Oscar Garcia, Ida Arnold, Doris Marshal, Joe Medina, Bill Reed, Tony Hernandez, Pam Williams, Danny Amaya, and Michelle Imfeld.

!!!*FLASH*!!!

We interrupt this special movie for some news from around the world. The top story this year was that loveable alien with a sweet-tooth, yes, you guessed right, E.T. and up there in the spotlights, with him was the new Prince of Wales, William. These two famous "stars" caused a lot of excitement in both newspapers and television. Other news-making events were Olivia Newton John getting "physical" with all the other aerobic dancers, the victory of the Washington Redskins in the Superbowl, the dreadful Tylenol Legacy, Barney Clark and his plastic heart, De Lorian's cocaine bust, the retirement of Sugar Ray, and Alexander Haig quitting his job as Sec. of State.

A sad note in the news was the loss of some great people like Princess Grace of Monaco, comedian John Belushi, and actor Henry Fonda. The lowering of the gas prices, a budget that wouldn't budge, the Falkland Island incident, and the death of Leonard Brezhnev which created a fear of war in the United States were just a few examples of the political news which brought this broadcast to an end. Goodnight and have a plesant tomorrow.

We now return you to the movie which is still in progress.

IT'S ALL AN ACT

Comedy, drama, and suspense were present when Dysart's drama club held their productions. All these feelings ran through eveyone's head as they watched drama perform. Under the direction of Tom Butler, all the rehearsals went well, and all the plays were performed perfectly.

Drama sold candy to raise money so they could buy the materials they needed for this expensive entertainment. Like the cliche, "A lot of work, makes a good play", Greg Jarvis stated, "Drama class isn't always fun. It takes a lot of work because if you don't work, you aren't in the plays."

"This group is basically all new with potential and dedication probably the highest I've seen since I've been at Dysart," stated Mr. Butler proudly. He named Shawnee Tignor and Tom Nadel as up and coming stars.

When students think of competition and teams it is usually football or baseball that comes to mind, not students getting up in front of an audience and knocking 'em dead with a speech. Forensics was a team on campus that competed against other schools in speech contests and came out big winners with out the help of the pom line or the cheerleaders. Their biggest winner was Tom Nadel. He was among the top 8 finalists in the state-competing against *all* schools. Speech! Speech!

KEY PEOPLE

The qualifications needed to be a "star" Key Clubber were having a big heart, a big smile, and $7.00. Dysart's Key Club was considered one of the best service organizations not only at Dysart, but also in their Key Club Division. This came as no surprise with the leading actors/actresses in charge. They were Norma Torres, President; Vickey Ricketts, Vice President; Leti Acotsa, Secretary; Kassie LaFleur, Treasurer; and Mateo Alejandre, Lieutenant Governor. Directing this cast were "super-sponsor" Mrs. Poland, Co-Sponsor, Mr. Kitchen, and Mr. Russel, the Kiwanis Sponsor.

Dysart's Key Club Motto was "Strength From Within". This year each club member chose to adopt a Grandparent for their Special Project. They also performed many other activities such as a canned food drive and visiting the Bel Air Resthome. They also attended spirit rallies, training conferences, and workshops. At these activities, they got acquainted with other clubs in their division.

The "key" people of Dysart were in the Key Club.

SUPERSTARS

All the Demons lettering in a varsity sport starred in either the Lettermen Club or the WomenSports Club. Both clubs had set goals for this year. The lettermen's goal was to establish a better club by getting more people involved. The club officers were Ray Duncan, President, Bill Reed, Vice President, Eddie Pendleton, Treasure, and Oswaldo Puente, Secretary.

The WomenSport Club's goal was to have a "Stariffic" banquet honoring the women athletes. The members were Vickey Ricketts (President), Patty Hermanson, Monica Baker (Vice President), Lupe Nolasco (Treasurer), Beth Whitmeyer (Secretary), and Irene Cisneros.

ONE

Another club on campus that starred proud Demons was the 100 Mile Club. Sales and running events such as the Phx. 10K were major events for the members.

With these "Super Demons" on our team Dysart, was without a doubt a winner.

DYSART ACCORDING TO STUDENT COUNCIL

Turkey Hunt- Door Decoration- Wild Pep Assemblies- Spirit Week. Who was in charge of all these wonderous activities? It was our wacky, zany, great student council. Homecoming week was the biggest activity student council planned and they carried it out to perfection with the help of the imcomparable Mr. Braden.

"This year's student council had come up with a lot of new ideas. They did an excellent job of carrying out their duties. We had a lot of plans to work on and the students took part in those activities. We made the year worth remembering." stated Mr. Braden. Monica Baker also felt Student Council did a great job. "All of the members were super and I loved working with all of them. THANKS YOU GUYS!"

"Being in Student council was fun," admitted Dora Perez, "but it was hard work."

Most students were pleased with student council. This group certainly gave politics a good name.

STARRING—FFA AND MECHA

Take One! Two of the biggest clubs at Dysart were Mecha and FFA (Future Farmers Association). Mecha was strong with twenty-seven members. This year the starring officers were Romeo Cordova, President; Reina Cordova, Vice President; Jovita Santoy, Secretary; Amelia De La Rosa, Treasurer. Reina Cordova, vice president said, "I would like to see the club built up more." One of the main activities the club starred in was the homecoming gala.

FFA starred thirty-nine members. Their officers were Bobby Morrow, President; Angie Garcia, 1st Vice President; John La Fleur, 2nd Vice President; Karen Oblgilesby, Secretary; Paula Bassea, Treasurer; Eddie Fulcher, Reporter; Kassie La Fleur, Sweet Heart. The goals for the organization were the same as the motto, "Learning to do, doing to learn, learning to live, living to serve." They did many things such as exhibiting livestock at Fairs, and crop experiments with seeds, nutrigens, and fertilizers. A major goal was to win a contest at State and go to Nationals in Kansas City, MO. An exciting thing happened this year, a donation of an $18,000 greenhouse from Aloe Vera Greenhouses. Also Bobby Morrow placed first individual in livestock judging and the FFA, as a whole, placed third in parliamentary-procedure. With these clubs starring at Dysart, no wonder this year was such a success!

ON LOCATION

Behind The Scenes

"Where's my pictures?" "Why don't you be quiet, Michelle?" "Quit it!" "Leave me alone!" "Patty, help me with this story!" "Lupe, come here!" "Ernesto!" "Beth, are you still on the phone?" "Diane, please don't take anymore pictures of me!" "Ernesto!"

These are just a sampling of quotes heard on location during the production of the *20th Century Demon*. The *El Demonio* staff worked very hard to produce an award-winner.

This valiant crew spent long hours, sweating it out in a well-equipped, but windowless room known at times as "The Prison"! Often until after 5:00 p.m.

"This has been one of the best staffs that I've had, and Lupe Occhiline, chief editor, has done a terrific job!" stated Ms. Della-Calce, advisor on the set.

Such jobs as: making, taking, and ordering pictures; creating layouts; writing stories, and captions; and interviewing various people and clubs, kept the staff busy all year long. The responsibility of being a yearbook member may not look complicated, but ask any staffer and the answer you will get may be similar to this, "HA! HA! HA!"

"With everyone working and doing their jobs, I think this yearbook is the best ever!" said Patty Hermanson, copy editor. Lupe Occhiline also commented, "It's a lot of fun most of the time. But it's very hard work. This year we had a great staff that produced a fantastic book. And I'm very happy it turned out okay!"

Thanks to all of our staff, like the great photographers, terrific editors, fantastic reporters, and exceptional chief editor and advisor, we had a great book this year!

BRAIN POWER MAKES CLUBS WORK

With the help of two "superstar" sponsors, Mrs. Theis and Mrs. Parks, the Medical Careers Club had many activities this year. On November 30th, they went to Phoenix College for a medical careers day. One of the most exciting and important activities they had was a two day trip to Tuscon. There, they were given a tour of the medical facilities at the University of Arizona.

Service was the Medical Careers middle name. This year they went trick or treating to collect money for UNICEF. They also donated money to a successful senior interested in a medical career. Sandy Salas, President of the club, stated "This was one of the most exciting years we ever had."

"It was a great year for computer-math", stated Mr. D'Attore, a player in the cast of stars at Dysart. All the members of the class decided to start by learning the basics of computer programming and gradually getting into complex topics of computers.

The computer room was available to the students before school. At this time, the "computer-crazies" could use the machines to do things such as games or homework. Doing homework with the use of computers is a lot easier. All you have to do is "just type it in and let it run", stated Greg Jarvis, a club member. With the computers making homework easier, it was suprising the whole school didn't join the computer-math club.

ONE) The 1982-1983 Medical Careers Club stars: ***top)*** Robert Ramirez, John Bacon, Todd Bakke, Richard Rivera, Oscar Garnica, John Howard, Michelle Sullivan, Jennifer Fitzgerald, Rose Cisneros, Martha Valadez, Ms. Parks (sponsor), Ms. Theis (sponsor) ***bottom)*** Sandy Salas (president), Kellie Gober (vice president), Aurora Rivera (historian), Norma Salas (secretary). *TWO)* "You'll never get the code out of me!" says Jorge Alvarez *THREE)* . . . And back to Mrs. Theis. *FOUR)* Jennifer Fitzgerald climbing to the top. *FIVE)* "It looks interesting but I don't want to touch it! exclaims Eresto Alvarez *SIX)* "And who do you think you are?" says Tony Espinoza.

SPIRIT MOVES CLUBS

It took music, faith, and brains to make this a worthwhile production. In order to be a part of this special premiere you had to belong to the National Honor Society, Chorus, or Christian Life Fellowship.

National Honor Society is a group of students who pride themselves in their service to their school. People in NHS were chosen not only for their outstanding scholarship but also for their character, leadership qualities, and service. Every year a banquet is held to induct new members and to award students on the honor roll. NHS shows visitors around campus and is also in charge of the marquee.

"It was like starting over this year for Chorus. Almost all of the members were new and we had to work on reading music faster." said Mr. Hack, the chorus teacher. This year more students went to All-State and in January the Solo and Ensemble went to Regional All-State. The chorus was busy with concerts in Phoenix and Sun City and a concert with the school band in February. The Chorus members worked hard selling placemats and they had an Atari raffle to earn money for a trip to Disneyland. Candy Smith said, "Chorus is hard work but lot's of fun."

Christian Life Fellowship is an organization for Christian students. The members not only enjoy films, banquets, picnics, and meetings but they also help people in need both on and off campus. This year CLF sponsored an elderly man in El Mirage with food and money, and held a Fall luncheon and a Christmas party for the mentally handicapped students on campus. Mrs. Simmons; CLF sponsor, said, "Love is the most important principle we stress in CLF because Jesus gave us the commandment to love one another as he loves us."

All three of these organizations help us to improve ourselves and strive to be the best we can be. The students in these groups have pride in themselves, their school, and their community.

EXTRA! EXTRA! READ ALL ABOUT IT!

And in the news tonight, Dysart's Demonaire newspaper staff's goal was to publish a paper each month. Mrs. Julia Duff was the advisor and Norma Torres, who (from unknown sources) has been seen clicking her camera around campus, was the photo editor. Other staffers include Angie Garcia and Kassie La-Fleur, co-editors; Ray Balderas, artist; Diane Amaya, Charlie Clemmer, Tina Freels, Mario Montoya, Tricia Ortega, Buffe Payne, Norma Salas, and Frank Valdez.

The Staff visited and toured the Pueblo Publishing Co. who publish the Demonaire.

Also in the news, the Photo Club had a winning year. Four students from Dysart took awards for photo entries in the Arizona State Fair. They competed against five schools and a total of 166 entries. Those students were Norma Torres, who placed 2nd in the black/white animal category; Alice Gonzales placed 3rd in the black/white sports category; and Vickey Ricketts and Jaime Salazar received honorable mentions in black/white portraits.

This year's officers were Angie Garcia, President; Diane Amaya, Vice President; Diane Calzada, Secretary; and Norma Salas, Treasurer.

All in all, it has been fun focusing on a great year at Dysart High School.

AWESOME

Awesome! That's exactly what this years Dysart Varsity Cheer Squad was. The squad consisted of Irene Cisneros, Dora Perez, Jacque Garcia, Paulina Garcia, Lucy Reaux, Maria Bedolla, and led by Captain Anna Garcia and Co-Captain Lupe Occhiline.

During the summer the girls attended the NCA Camp and did tremendously well. As a group they brought back 4 Superior Ribbons, 1 Excellent and a Super Star Squad Award. Individually each girl brought back 1 Superior Ribbon totaling 12 blue Superior Ribbons. The girls also brought back the Spirit Stick which had not been won by a Dysart Cheer Squad for some time.

The cheerleaders led the assemblies and cheered for home games as well as away games. The girls all got along and worked well together, which made it easier to raise this years school spirit to the highest level possible.

SPIRITED SUPPORT

The Co-Stars at every Dysart Football and Basketball game were the Junior Varsity and Freshmen Cheerleading squads. The goals for each were to improve themselves, so they could become Varsity Cheerleaders, by attending all activities. The most exciting part of being a cheerleader was being able to see different schools and riding the bus with the guys.

In front of every Wrestling Match were the Matmaids. This year's matmaid squad's purpose was to cheer the wrestlers to victory. Due to lack of enthusiasm, the once numerous members dwindled to a few. Even with this setback, the matmaids proved their spirit was sky high.

These stars that cheer us on, make up the spirit of Dysart High.

JAMMIN'

Jammin! This years pom girls did just that. They performed to all kinds of different music and had the people "jammin" with them.

Every summer the girls go to camp and bring back all kinds of awards, and this year proved no different. They won a Sweepstakes Trophy, Home Routine Trophy, The Spirit Stick, they were finalists for the award of Excellance, they were awarded a Superior Squad Ribbon and won 26 blue ribbons in all.

Two of the girls; Monica Baker and Yvonne Rodriguez, won the Celebrity Sweepstakes Medal (which is the highest award a pom girl may receive). Monica's won this award 3 times and Yvonne twice. They were also asked to be part of the NCA Pom Staff.

Building up Spirit at Dysart High School is a tough job, but the pom girls made it look easy.

MARCHING IN STYLE

Behind the scenes at each football game and Pep Assembly sat the Dysart High School Marching Band. Along with the band came the flagline, and the Majorette team. As the batons twirled, the flags waved and the instruments played, all the football games were given that extra touch of pizzaz!

The band has performed many times this year, including the Winter Concert in February, the Spring Concert, the District School Performance in May, and The Rodeo of Rodeos Parade in March. But one of the most exciting performances of the year and the most fun was probably the trip to California. During the Spring, the band, flagline, and majorettes packed up their uniforms, instruments, flags and batons and were Disneyland bound!!

This years flagline was super. Ida Arnold and Becky Garcia went to camp and received several superior awards. Those included three together, one each, a trophy, and Ida won a medal. This year all the flag members are to attend camp.

There were three majorettes this year. None of them have ever twirled for the school before, and they are looking forward to winning many awards.

The awards band has won were excellent ratings at NAU Band Day, and the State Marching Festival. Mr. Kinnaman was the band director and has done a wonderful job. A few selected members are to attend camp this summer.

Let's give this band, a nice big hand!

DAWN OF A NEW SEASON

"It took a positive attitude and an eagerness to win to pull the team out of last year's slump" commented a "star" of the team. The Football team's overall record was 4-5. Considering they were faced with two new things to contend with, a new coach and being dropped to Single A, the team showed tremendous effort and drive.

Dale Peterson, the new football director/coach attended Phoenix Christian High School and received his Bachelor of Science degree at Grand Canyon College. Coach Peterson commented on somewhat of a communication problem caused by him not seeing the team members during the day, due to teaching Physical Education at Luke Elementary School. He also stated that he was looking forward to working with the team next year.

Being dropped to Single A was the other obstacle the team had to face. "There wasn't too much of a difference playing Class A schools," stated Ray Duncan "they were just as tough as Class AA schools."

"The team all worked together and tried to help each other out. That's what also made us a better team", stated Bill Reed. All in all, the Varsity Football Team made Dysart proud. This group of "superstars" proved that the Mighty Demons were really hot this year!

THE LONGEST YARD

With a season record of 3-4 the Dysart J.V. football team gained experience that would help them in the years to come.

Due to the fact that many of the players were moved up to varsity, the J.V. team recorded wins against Buckeye, Phx. Christian and Wickenburg. Overall the J.V. team showed their spirit and promised to be great on next years varsity team.

In the beginning of the year there was doubt as to whether or not there would be a freshman team. Soon boys who wanted to play started recruiting their friends. Without an adequate amount of practice the freshman players took the field. Their record turned out to be 0-4, but could have been better with more practice and more playing time.

With the new varsity coaching staff, new plays and more participation Dysart's football future looks promising.

READY, SET, RUN!

This year's team, as last years, started the season by running during the summer months. During this time they ran anywhere from 100-500 miles. During the first week of practice, the team traveled to Northern Arizona for a six day running camp. The trip started off at Cat-tail cave on the Parker Dam area, followed by a stay at the Grand Canyon. It ended with a short visit to Slide Rock and Lynx Lake.

The team had a winning season, beating all the other teams in the conference. The team was led by Danny Amaya and Ivan Noriega. Danny was the conference champion for the A-west division. It was the talent of both Danny and Ivan that made many victories possible. They, with the support of Oscar Garcia, Daniel Trevino, Frank Beltran, Ruben Hernandez, Andy Chavez, Leonard Garza, and Julian Garcia, worked hard all season to qualify Dysart for state competition.

The girls cross-country team consisted of Renee Mason, Diane Arias, Colleen McGuire, Armida Cisneros, and Jackie Garcia. The girls defeated Independence, Peoria, Parker, and Mohave, as they placed second in the conference.

Coach Juan Padilla said; "We are looking forward to next year and perhaps an equally exciting and winning season."

DHS Varsity Basketball

Produced by J. Snyder - Starring The Team

This production took a lot of time and effort from the producer and these Varsity Stars. Starting in November, the team spent hours going over the plays until they were perfect.

Soon it was time to start shooting the film. The first couple of takes were pretty rough but once they got used to playing their parts, things became much easier. "The biggest victory for the team was the win against Peoria," stated Danny Amaya.

Each year the varsity team has a certain someone who has a special talent, and this year the team had many. Ken Allen thrilled us with his dunking technique, David Rodriguez dazzled us by shooting his famous outside shots, and Danny Amaya proved that there are some advantages to being short - your able to steal the ball.

David Rodriguez summed this year up by saying, "It was a lot of fun. We did have our bad games but we all worked together and made it through, besides, playing basketball kept me out of trouble."

All in all this years basketball team was one to remember.

A SUCCESS STORY

Introducing! The stars of the basketball courts that stunned and amazed all their fans!! The magnificent, the one and only, Dysart's "Globetrottettes"!!! This outstanding team consisted of Dysart's number one girl basketball players. They were Vickey Ricketts, Yvonne Brisby, Libby Limon, Diane Arias, Lupe Flores, Priscilla Mason, Yolanda Crudder, Marita Mendoza, Erma Mendoza, and Debbie Mireles.

These ten dedicated players suffered and slaved through treacherous workouts which consisted of practicing their plays, an doing drills, and drills, and drills. Everyday, between 5:00 to 6:30 pm, you would find these girls practicing their fancy shots and dribbling. With the strenuous workouts these superplayers had every night, it was no wonder they had a successful and winning season.

The coach, Mr. Rosser, was the man behind this fantastic team of girls. He was the one who encouraged and kept the girls practicing and playing at their very best.

Dysart was very lucky to have such an enthusiastic coach and dynamic team. These girls proved that they were Dysart's "super-shooters"!!

DYSART STUNTMEN

We knew our movie wouldn't be complete without at least one scene where the muscular men showed their strength so when our cameras focused on the Dysart wrestling team we knew it would be a box office smash. We decided to give you, our viewers, an inside look at the hard work the guys go through to become the stars they are. A good practice session consists of forty-five minutes of warm-up exercises, stretches, and wrestling techniques, followed by one hour of techniques and one on one wrestling.

A good wrestler must not only be totally dedicated, but he must also have a super mental attitude, be willing to sacrifice, and learn all he can. The wrestlers decide what weight class they will wrestle by first learning the techniques and conditioning their bodies for one month.

The Dysart wrestlers felt that they could improve their team by getting more people to join and for those people to be prepared to work. They also felt that better competition would encourage them to work harder to be the best.

This year's team sold sun catchers to finance their trip to a team tournament in Las Vegas. On January fourteenth and fifteenth, the sixth annual Demon Invitational cast three of our wrestlers in starring roles for their weight class. Oscar Garcia, and Eric Marshall took first place, and Jeff Gray took third.

Coach Kitchen felt that special recognition should go to Oscar Garcia and Abilio Aranda for being good examples for other teammates, for working hard, and doing well in tournaments. The teams plan for the future was based on early recruiting for next year.

Principal's message

This book is a pictorial documentation of the significant events of Dysart High School. The sentimental value, to most of you, will increase as the years find you drifting down your separate roads of life. I am proud to have been the principal of your high school, and I truly hope your memories are as fond as mine.

DYSART'S NOT READY FOR SCHOOL-TIME PLAYERS

INTRODUCING, the cast of stars behind the production of Dysart High School, the DHS Administration! These few, the proud, the courageous, were the backbone of Dysart this year. They worked together like a well oiled machine, and it showed throughout each school day.

Two new production managers were added to our cast of players. They were Dr. Fiebiger, the new principal, and Dr. Jones, the "super" superintendent. Dysart was glad to have them in our cast and they really turned out to be great directors.

The main actress of the Administration was Mrs. Simpson, the Bookstore Manager. She not only managed the money of the school but also everything else she could do to help the students. The supporting actresses were Mrs. Donnely, the secretary, and Ms. Ortiz, the receptionist.

These were some of the many stars who made Dysart what it is today.

ENGLISH AND READING ON THE ROLL

"It's jammin' and all the way live!" says Clifton Reaux. "English with Mr. Butler is really interesting," explains Candy Smith, "because he really gets into it and you never know what to expect." This was the talk of the English classes. Many worked hard to do a good job and new books were used to help them. It was necessary to work hard since English was a required class. Armida Cisneros felt, "English this year was different because it had many challenges."

Reading also had many challenges, since a ninth grade level had to be met to graduate. Many worked hard in these classes to reach their individual goals. Also a new program went into effect to help students in the Reading class. The program was the student tutor program. It worked out well and many enjoyed it.

SPECIAL EFFECTS

What do Bilingual, Migrant workshop, Resource, Home Ec., Driver Ed., and Challenge all have in common? They are all part of the special effects that make up the Dysart high school set.

The bilingual class teaches monolingual students how to use and improve their English skills. It helps them to adjust to a new culture, environment, and a new language. Migrant workshop is a class that provides career opportunities on campus for migrant students. The students in this class get paid to learn.

Resource provides assistance for students who have academic difficulties due to a handicap which includes but is not limited to a learning disability.

Driver education teaches students the skills necessary for safe and defensive driving. After receiving both classroom and behind the wheel instruction, students are eligible to get their drivers license and a discount on insurance.

Special effects make a movie more fun and exciting and the special effects here at Dysart are no exception!

TOWARDS THE FUTURE

LIGHTS! CAMERA! EDUCATION!

The Industrial Arts, Social Sciences and Sciences all hold something for us in the present and future. The industrial arts-classes may hold a future mechanic, welder, or a farmer. Mr. Brooks said, "Everything we do is based on performance because we are always using the hands."

Science and Social Science classes may hold the next Einstein because science and social science are always moving and changing around us. Mrs. Stout said, "I would like to make my students aware of public service and their responsibility to their community, so they can become outstanding citizens." A new class that started this year was Advanced Biology. It was offered as an early bird class. The class was divided into four parts Physiology, Disection, Micro Biology, and Genetics. Ms. Theis taught the class.

DOLLARS AND SENSE

Business and math are very closely related because to handle money, you need to know how to count! By teaching classes from typing to office machines to accounting, the business department hoped to help the students cope in the business world. Heading this department were Mrs. Stump, Mr. Kitchen, Mr. Barrick, and Mrs. Robertson.

The math teachers were Mr. D'Attore, Mrs. Corrigan, Mrs. Poland, and Mr. Eadleman. Their classes consisted of Consumor Math, Algebra I and 2, Geometry, and Trig/Pre-Calculus.

Computer classes were a new addition to both departments this year, with excellent results. Daphne Mason stated, "It's a good experience for everyone." Computer crazed Doug Imfeld and Robert Espinoza also added, "It's great because you get to work with the computers, and you're not just sitting and listening all the time." They also commented, "It's a good class, if you're planning on going into the engineering field." But thanks to all of the teachers we had a fun-filled year of "figures" at DHS!

ONE) "But, Mrs. Corrigan, that's the tenth time you've said, it's my last chance!" says Jeff Gray. *TWO)* "I know I'll find that key if I sit here and look long enough." says Veronica Cervantes. *THREE)* "The machine's wrong, not me!" says Becky Garcia. *FOUR)* "You need to use all of your fingers, not just your thumbs!" says Mrs. Robertson. *FIVE)* "No," says Cindy Gentry, "I won't give you the answers!" *SIX)* "Oh, no! Teacher maky mistaky, shame all over me!" says Mr. D'Attore.

GET PHYSICAL

One, Two, Three. Everyday in P.E. and Dance classes you can be sure students are either exercising to music or someone calling the numbers out loud.

Exercising is very important to our bodies. It helps in keeping our bodies healthy and in shape. Being in dance or P.E. is pretty rough, but when the end of the year comes around P.E. students are cooling off and having fun at the swimming pool and dancers are preparing for the event that takes a lot of time and energy, the Dance Show. Four, Five, Six!

One) Advanced Dance Class *Two)* Besides P.E. Mr. Tassanari likes taking pictures. *Three)* Susan and Kathy reach for the sky. *(Four)* Come on coach you can do it. *(Five)* Are you seeing double? *Six)* Intermediate Dance Class. *Seven)* Beginning Dance Class.

OUR STAGE CREW

TAKE ONE!

Cooking, running the snack bar, driving the buses, and maintaining the campus are all important jobs at Dysart High School. If it wasn't for the cooks, the snack bar and cafeteria wouldn't have sold one hundred breakfasts or over seven hundred lunches a day. Once a month the cooks had a National School Lunch Day. That's when they all dressed up like the nationality of the dish they served. One cook said, "It was a lot of fun." The snack bar was busy with two hundred customers in a half hour. The student helpers were Ida Arnold, Kellie Gober, Yolanda Crudder, Joe Escobedo, and Robert Cisneros. The manager of the snack bar was Pat Sikora.

If it wasn't for the bus drivers and Maintainance men, nobody would get to school on time or have a clean campus once they got here. The bus drivers had a very busy day. They drove a total of twelve hundred and forty-two miles a day. They drove a total of two hundred and eighty-seven thousand and ninety-nine miles a year. The maintainance men were important because they were responsible for having everything in the best of shape on campus.

All these people worked behind the scenes to help make the Dysart High School set the best that it could be. A REAL Award Winner. Give them a hand!
